Circus Stars – Free Circus Theatre Training

Circus Stars is our long-term programme of training for young people aged 7-15 who live in Hangleton, kicking off with a week-long summer school from 23 to 31 July. Funded by BBC Children in Need, the project will teach young people aerial theatre, floor-based circus, film, animation and photography, all ending in a show. It's FREE for any young person living in Hangleton who would not normally be able to access this kind of training. Contact us if you'd like to sign up. If you can't make it this summer, get signed up for our Saturday sessions starting in September.

Artists wanted

We are looking for artists working in digital art, photography, film and animation (also costume-design and lighting design) to work with us on a very exciting and unusual project supported by the Arts Council, starting later this year. We'd love to hear from anyone who might like to get involved in contemporary circus, from professionals to students. Please get in touch if you are interested in working with us and want more info.
